TECH STACK

Programming Languages: Java

Backend Frameworks: Spring Boot

Frontend Frameworks: Angular

Basic Web Development: HTML, CSS

Database: MySQL, MariaDB

LEARNING

Spring Boot Framework(Java).

Angular Framework

Algorithms

Data structure

LANGUAGES

Lang 1: Bangla

Lang 2: English

ACHIEVEMENTS

- Completed and actively participated at workshop on'Unraveling the wonders of AI with ML & DL' at ITBI,CUET
- Completed and actively participated at workshop on'National Conference on Robotics & IoT' at Dept.of CSE,BSFMSTU

ABOUT ME

I am a Computer Science graduate, and fundamental skilled in programming, Data Structure ,algorithms, software development, and a fast learner with Java. I look forward to utilizing my skills both from my education and from the field itself to help build exciting software technologies and push forward the field.

EXPERIENCE

| SpringBoot & Angular |

- Built web applications using Angular and Spring Boot.
- Skills Used:** Angular, Spring Boot,HTML,bootstrap.

| Selenium |

- Developed automated test scripts to enhance web application, Specially Form submission.

EDUCATION

| Bangamata Sheikh Fojilatunnesa Mujib Science & Technology University |

📅 01-Mar 2019 – 01-Mar- 2022

📍 Melandah, Jamalpur

- Subject: **Computer Science and Engineering**
- CGPA: 3.23 out of 4.00
- Exam held: Month of December 2023
